

## Articles - Finding Full Text from a Citation/Reference

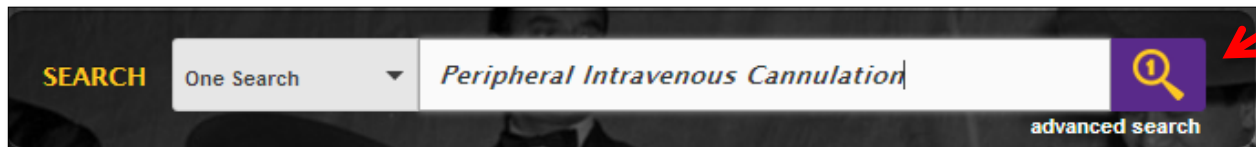

### Option 1 – Citation Linker

1. Go to the ECU Libraries homepage at <http://www.lib.ecu.edu/>
2. Under **Research Tools** select the Citation Linker (3<sup>rd</sup> option on the drop down list)
3. Enter appropriate citation information into the form and press the **Find It!** button to view full text options.

**NOTE:** Citation Linker is most effective using just a DOI or PMID

### Option 2 – One Search

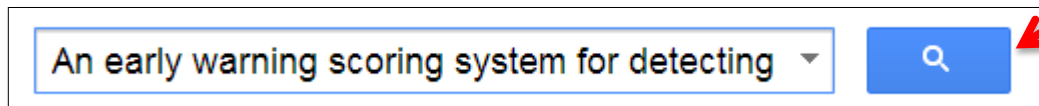

1. Go to the ECU Libraries homepage at <http://www.lib.ecu.edu/>
2. Using the Search box in the center of the page, type in the article title and click on the magnifying glass

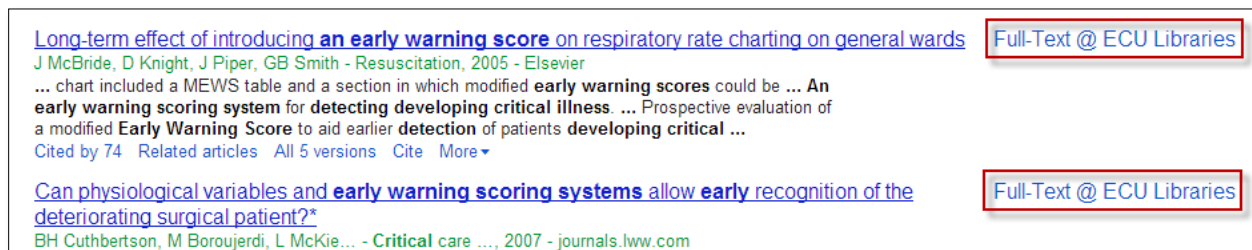

3. Click on the article title to view the full text of the article

### Option 3 – Google Scholar

1. Access Google Scholar from the ECU Libraries Database List - <http://www.lib.ecu.edu/databases/go/203>
2. Type in the article title and click on the magnifying glass

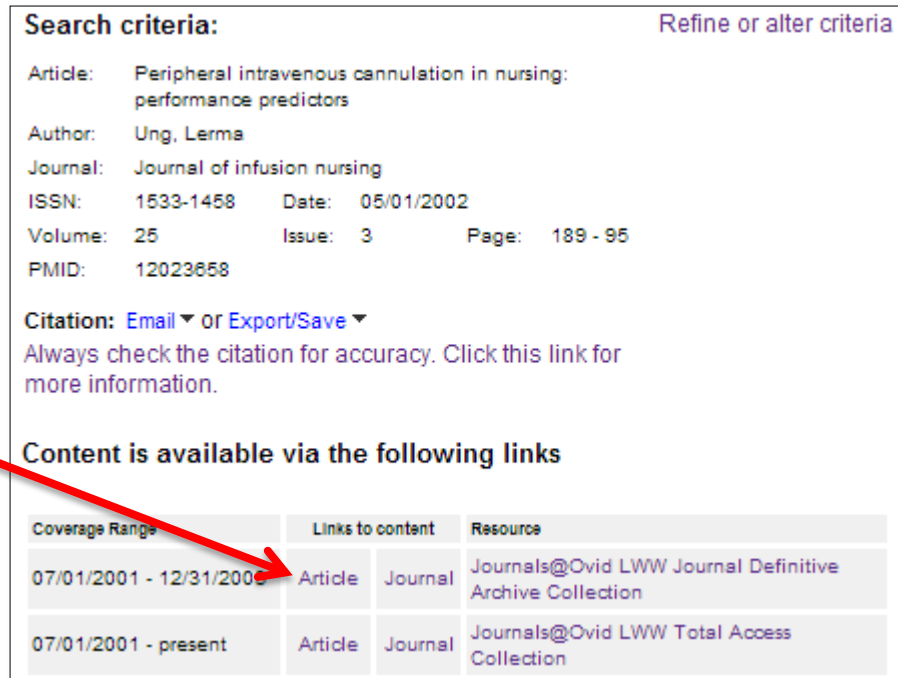

3. Click on the 'Full Text @ ECU Libraries' link to access the full text

## Troubleshooting

1. If you see this screen instead of being automatically taken to the full text, click on the word 'Article' to locate the full text;

**Search criteria:** [Refine or alter criteria](#)

Article: Peripheral intravenous cannulation in nursing:  
performance predictors
